NATIONAL TESTING AGENCY

PRESS RELEASE

Reporting of Suspicious Claims w.r.t NEET (UG) 2025 Examination

A dedicated platform has been launched by the National Testing Agency (NTA) to **report suspicious claims** regarding the NEET(UG) 2025 Examination. NTA advises candidates not to be misled by unscrupulous elements who indulge in malpractice and try to deceive candidates with false claims.

Candidates can report any suspicious activities falling under the following three categories on the portal, the link to which is available on NTA website:

- Unauthorized websites/social media accounts claiming NEET (UG) 2025 paper access
- Individuals claiming access to exam content
- Impersonators posing as NTA or Government Officials

The reporting form is simple and allows users to describe what they observed, where and when it occurred and upload supporting file.

This initiative aligns with **Public Examinations (Prevention of Unfair Means) Act, 2024**, which aims to eliminate unfair practices in public examinations and protect the future of aspirants. The Act contains stringent provisions for offences committed under the Act.

If you witness or suspect any of the above, please report it immediately at the following website: https://nta.ac.in or https://neet.nta.ac.in

Reporting of suspicious claims is open until 5:00 PM IST on May 4, 2025.
