**VIDYASAGAR BHAVAN**  
**9/2 , BLOCK –DJ , SECTOR II , SALT LAKE**  
**KOLKATA – 700091**

**Memo No : L/SECY/017/2026**

**Date : 24/01/2026**

**NOTIFICATION**

**Kind Attn : All Heads of affiliated Madhyamik Institutions , Madhyamik examinees of 2026**

As you know, the Council has already introduced several subjects based on Computer Science and its applications namely Artificial Intelligence and Data Science, Cyber Security and Applied Artificial Intelligence in the H.S Curriculum. The Syllabus of the two existing subjects Modern Computer Application and Computer Science have been upgraded to keep them relevant and contemporary. In this situation, the Council feels that a basic warm-up course is needed for the Madhyamik Examinees of 2026, who are interested in taking up any one of the subjects among Modern Computer Applications , Computer Science , Artificial Intelligence and Data Science , Applied Artificial Intelligence and Cyber Security. Moreover, the Council feels that a short guidance program on Physics , Chemistry, Maths and Biology will also be useful for the students.

The Council is going to conduct Bootstrap Program 2026 on the following subjects for the Madhyamik Examinees of 2026 in offline or online mode.

**Physics, Chemistry, Biology, Maths, Computer Science and allied applications**

**Process of Application for Bootstrap Program in online mode:** A Google Form will be floated within 15<sup>th</sup> of February, 2026. Link to the Google form will be provided on the Council website. Interested students will have to select subject(s) and submit the Google Form with requisite Registration fee of Rs. 100 per subject.

The online classes will be conducted from Vidyasagar bhavan in April and the students will be notified at their registered Email id beforehand.

All participants will be provided with a participation certificate at their registered Email id.
